PRIYA BHINDORA

Software tester

9714911305 Thaltej, Ahmedabad thakkarpriya109@gmail.com https://github.com/piyu1331 https://www.linkedin.com/in/bhindora-priya-

ABOUT ME

manual testers perform tests on software to try and find any bugs or irregularities in the way the software operates. You will usually come into the software development process towards the end when the software is developed enough to be tested. Unlike automated testing, where you can create program scripts to perform tests, as a manual...
